Professional Summary

Technical consultant with over 5 years of experience implementing AdaptiveWork (Clarizen) enterprise solutions for large companies across Latin America. Currently transitioning to Front-End development, combining strong logical and analytical skills with hands-on experience in JavaScript, React, and TypeScript to build modern, scalable interfaces.

Professional Experience

TWRT – Project Consulting (Planview/Clarizen Partner)

Technical Consultant and Clarizen (AdaptiveWork) Specialist | Feb 2020 – Feb 2025

- Implemented customized Clarizen (AdaptiveWork) solutions for multinational clients such as Alicorp, Grupo Gloria, CEMPRO, Dos Pinos, Bladex, Tereos EU, and Siemens.
- Automated workflows and dashboards improving operational efficiency and reducing manual errors.
- Recognized internally as a technical reference for automation and bug resolution.
- Also acted as Project Manager: meetings, scheduling, and communication in Portuguese, English, and Spanish.

Evoluservices

Intern in Development and Marketing | Sep 2018 – Apr 2019

- Created the institutional website and landing pages.
- Content production and participation in CIOSP trade fair.
- Supported digital marketing initiatives: competitor analysis, banners, and image editing.

Education

- Bachelor ' s Degree in Computer Science | Mackenzie Presbyterian University (2016 – 2020)
- Emphasis on Calculus, Linear Algebra, Programming, and Logic.
- Complete Front-End Course | Alura (in progress) – HTML, CSS, JavaScript, React, Node.js, UI/UX, and best practices.

Technical Skills

Front-End: HTML, CSS, JavaScript, React.js, TypeScript (continuous learning)

Back-End: Node.js (beginner), PHP and WordPress

Management / Tools: Clarizen (AdaptiveWork), Git/GitHub, Linux, DevOps concepts.

Personal Projects

- Personal Portfolio: React-based website hosted on GitHub Pages.
- Alura Projects: React-based applications focused on responsive UI and component reusability.

Languages

Portuguese (Native), English (Fluent), Spanish (Fluent).
